

# **MICHIGAN'S GLACIAL GEOLOGY!**

7:00 pm – Jan. 11, 2012

The **Chief Noonday Chapter of the North Country Trail** is excited to have **MATT DYKSTRA** from **Pierce Cedar Creek Institute** as a speaker for our January Chapter meeting.

*Matt Dykstra has been working in environmental education at Pierce Cedar Creek Institute for the past five years. He previously worked as a high school teacher, college instructor, and with Michigan State University Extension as a Water Quality Educator. He has an M.S. in Natural Resources from the University of Illinois, and a B.A. in Biology from Trinity Christian College.*

The NORTH COUNTRY NATIONAL SCENIC TRAIL is one of our Nation's premier hiking and backpacking trails, extending 4,600 miles from New York to North Dakota. First conceived in the 1960s, it links outstanding scenic, natural, recreational, historic and cultural areas across seven northern-tier states.

The Chief Noonday Chapter is responsible for building, maintaining and promoting the NCNST in Barry, Kalamazoo and Calhoun Counties. Our portion of the NCNST spans approximately 120 miles of trail! We have a great group of volunteers. The chapter has a monthly work day to improve our section of the trail. We also have a monthly hike offering the opportunity to make friends and get some exercise. There is a monthly chapter meeting, often with a presentation regarding hiking.

More information can be found at [www.northcountrytrail.org/cnd/](http://www.northcountrytrail.org/cnd/)

The January meeting will take place at 7:00 PM, January 11<sup>th</sup> at the Barry Township Hall located at 155 East Orchard Street, Delton, MI.  
**GUESTS ARE WELCOME – No Charge!**
